JPPT

The Journal of
Pediatric Pharmacology and Therapeutics

Editor-in-Chief
Michael D. Reed, PharmD, FCP, FPPA

The Journal of Pediatric Pharmacology and Therapeutics is the primary publication of the Pediatric Pharmacy Association and publishes 8 issues annually. It is a clinical medical journal dedicated to the dissemination of information regarding the safe and effective use of medications in neonates, infants, children, and adolescents. The Journal targets an interdisciplinary audience, which includes but is not limited to physicians, pharmacists, nurses, and clinical scientists, who are interested in pediatric pharmacology and therapeutics. The Journal offers a public forum for the publication of review articles, clinical research, case reports, current controversies, and opinion articles. All manuscripts are subject to peer-review by qualified experts and the editor, and are accepted for publication if they are deemed to make an important contribution to the medical literature.

Members of the PPA receive online access to the journal as a benefit of membership. Not a PPA member? Click here to join today!
Printed issues are available to members and subscribers on-demand for an additional fee.
